Connect the Dots. Many of the preceding questions had letters assigned to them like (A). If one of your answers was an attraction or land, find its associated number in this list. Lightly place the assigned letters with their corresponding numbers in the grid below. If one of your numerical answers is greater than 99 (such as a year), use only the last 2 digits. Only two pairs of letters share numbers; all others are unique.

After you have lightly placed all the letters (a pencil might be a good idea):

Connect upper case letters A-W alphabetically.

Connect lower case letters a-i alphabetically.

Do not connect lower case letters o, t, v, and x. Just draw the letters darker.
